21.8 mm	12.5	Y	69 (21.8)	29	68.5	28	26
22.2 mm	13	Z	70 (22.2)	30	69.5	28.5	27

RING SIZER

- Download the PDF file and print it ensuring that it is printed at 100%. Do not adjust the size.
- Cut out the ring sizer and cut a slit for Slot "A".
- Wrap the sizer around the finger where the ring will be worn. Make sure the numbers are facing out.
- Pull the pointed end tab "B" through slot "A" until the sizer is snug. Make sure to allow room for your knuckle.
- If the measurement lands between two numbers, your size is half size.
For example, if your measurement falls between 5 and 6, your ring size is 5 ½.
- CHECK: Double check for accuracy!

Sizing Tips:

- Measure your finger at the beginning of the day to avoid incorrect measurements.
- Temperature affects ring size as fingers naturally expand in heat and shrink in cold.
- Don't forget to measure your knuckle so the ring can pass over it.
- Keep in mind that more sizing mistakes are made by ordering rings too large than too small.

RING GUIDE

- Select a ring that properly fits the intended finger.
- Place the ring on top of the circle below until the inside edge of the ring matches the outside of the circle.
- CHECK: Double check for accuracy.
